

# dress for fws

Brisbane's must-attend fundraising event this winter

foodwatershelter (fws) has almost finished building its first eco-friendly village for vulnerable women and orphaned children in Africa.

Five amazing Aussie women started foodwatershelter, so this fundraising event 'dress for fws' signifies the power of everyday women.

Brisbane's big hearts can help fws finish building its first village, simply by getting glamorous and having a fabulous night out in the city.
